Management of the platform — work covered each four months

This invoice covers ongoing **management** of the EGP website platform only. Domain renewals and hosting are billed separately. Below is the work delivered in each payment period.

Period 1 — April to July 2026 (due 30 April 2026)

- Monitor site uptime, server health, and resolve incidents affecting public access
- Apply security updates, patches, and dependency updates to the live platform
- Support EGP staff with content updates (articles, publications, events, resources)
- Maintain Debt Tracker, IMF Monitor, and Economic Dashboard data and display accuracy
- Verify backups and data integrity; assist with institutional account transition planning
- Minor fixes, performance tuning, and analytics review for the quarter

Period 2 — August to November 2026 (due 1 August 2026)

- Continued platform monitoring, security hardening, and incident response
- CMS and admin support for staff publishing and media uploads
- Quarterly updates to economic indicators, dashboard figures, and chart data
- AI chatbot and analytics upkeep; review visitor trends and report as needed
- Progress hosting/domain ownership transfer to official EGP accounts where agreed
- Bug fixes, link checks, and small enhancements agreed with EGP during the period

Period 3 — December 2026 to March 2027 (due 1 December 2026)

- Ongoing management through year-end and into the next contract cycle
- Security and backup verification before and after any hosting or DNS changes
- Content and dashboard support for year-end publications and data releases
- Admin user and access review; documentation for institutional handover
- Prepare annual summary of platform management activities for EGP records
- Advisory on renewal options for hosting, domains, and management for the following year
